Dear Mr. Moeller:

Re: Supplemental Information Request, American Consolidated Mining Company,  
Yellow Hammer Mine Site Exploration, M/045/019, Tooele County, Utah

On October 9, 1990, the Division received your request for a 2-week time extension to provide the Yellow Hammer map(s) showing the exploration/development drill hole and access road locations.

The Division will grant your time extension request. Please provide us with the requested information within two weeks of your receipt of this letter, or no later than October 26, 1990. Given the fact that you already have mylars of the maps, which would likely require only minor revisions to provide the requested information, we do not foresee granting any extension beyond the October 26th deadline.

Thank you for your cooperation and attention in resolving this permitting action.

Sincerely,

D. Wayne Hedberg  
Permit Supervisor
